BUTTE CURRENT NOTES.

R. M. Davidson left yesterday on a visit to relatives in Tennessee.

E. H. Sherman will leave for San Francisco today on a business trip.

Judge W. L. Lippincott and wife returned this morning from their month's visit in Salt Lake.

Last night it was decided to hold the funeral of Mr. Lane at 2 o'clock this afternoon from Miner's union hall.

The regular monthly meeting of the W. C. T. U. will be held this afternoon at the rooms of the Butte Benevolence association.

Sheriff Lloyd has decided not to arrest the keepers of the concert saloons, but will call the attention of the grand jury to the nuisance.

An order was issued by the county attorney yesterday, directing Judge Eddy to dismiss the cases against the vendors of oleomargarine.

Thomas and William Linton, accompanied by their mother and Mrs. Thomas Linton, left for Salt Lake yesterday to remain a couple of weeks.

H. W. Ferner, Helena; H. Humber, Deer Lodge; J. M. Robertson, Bozeman; W. B. Roberts, Anaconda, are the Montanians at the McDermott.

Fred, the infant son of Al and Lola Leathers of No. 295 South Idaho alley, died last evening at 9 o'clock. The funeral will be held at 2 o'clock tomorrow afternoon.

Milton B., aged 5 months, son of Mr. and Mrs. O. Tamm, died yesterday. The funeral will take place this afternoon at 2 o'clock from the family residence, No. 129 West Granite street.

Mrs. Goldthorpe and Langway of Great Falls, and Dr. Riddell of Elkhorn, arrived in the city last evening to attend the state medical convention, which convenes today. Dr. Riddell is accompanied by his wife.

The case of the state vs. Frank LaBlanche, the assailant of Louis Wase, was before Judge Arnold last evening. The defendant applied for a change of venue and the case now goes before Judge Muldon. No date has yet been set for the trial.

Maurice Lane, who was badly crushed at the Green Mountain mine a few days ago, died at the hospital yesterday morning from the effects of his injuries. The funeral will take place at 2 o'clock this afternoon from Sherman's undertaking rooms.

Sheriff Lloyd yesterday appointed three new deputy sheriffs at salaries of \$50 each, for which he was authorized by the county commissioners. Frank Hankley was appointed at Silver Bow junction; Charles Wedicke for Meadowville and Edwin Edwards for Centerville.

David J. Reese and Miss Emma E. Barker were united in marriage yesterday afternoon by Rev. G. D. Holmes at the residence of the bride's parents, No. 625 East Galena street. The large crowd left last evening for their new home at Gibbonsville, Idaho, where the groom resides.

At the regular monthly meeting of the Institute Canadensis last evening, J. R. Frederic, D. LaSalle and E. M. LeBlanc were admitted to membership. Mr. Frederic, who is connected with the Bonanza Mercantile company, during the evening delivered an eloquent address on French-Canadians in the West.

T. H. Cameron, the jeweler, filed complaint in Judge Muldon's court yesterday against W. H. Johnson, a light-colored colored individual, charging him with making threats against him and asked that he be placed under bonds to keep the peace. Johnson pleaded not guilty and will be examined this afternoon.

The colored people are out with a petition asking that a colored policeman be appointed to preserve the peace in Dublin gulch, and are getting many signatures thereto. Considering the fact that nearly every colored man worked tooth and nail for the election of Mr. Cowan it is hardly probable that the petition will weigh more than a ton when it is presented to the new council.

Real Estate Transfers.

BUTTE, April 19.—The following transfers were recorded at the office of the county clerk since our last report:

Mrs. O. H. Hopkins to E. H. Sherman, lots 6, 7, 8, block 6, Hopkins addition 1 40

James F. Langston to James H. Langston, lot 6, block 8, Rice's addition 1,000 00

Augustus T. Morgan to Jacob Koppas et al., lot 5, block 9, Uphill addition 300 00

Notice.

All members of the Butte Miners' union are requested to deposit their cards of membership with the secretary no later than 7 days from date. Jos. Thomas, president, G. M. Dallas, rec. secy., April 9, 1902.

All ladies desiring fashionable dress making and a perfect fit call on Mrs. Martin, room 40 upper floor, Golden House, East Broadway.

Prof. J. Jeffers, chiropodist and manicurist, room 6, over red boot shoe store, 10 Main street, Butte.

Fine diamond work done at T. H. Cameron's, 40 West Park street.

THIS THING AND THAT

Notes Gathered by the Wayside for Readers of the "Standard."

FACT, FANCY AND FRIVOLITY

A Butteite Visits the Gallatin Valley—Why He Was Setting "Em Up—The New Letter Boxes.

BUTTE, April 19.—"Mac" McClain has just returned from a six-months' sojourn at Bozeman and Belgrade and other points in the Gallatin valley and is full of enthusiasm over that section of the state. He said: "The farmers in the valley have their plowing and part of their seeding done. Everything looks good and the prospect for a good crop was never better than now. Belgrade is growing nicely and is going to be an important town before many years. A drug store and another grocery store have been added to its list of business houses during the past two or three weeks and the population is steadily growing all the time. If there is anybody in Butte who wants to lay in a stock of potatoes I would advise them to go to either Bozeman or Belgrade to do it. They are selling at right about for 15 cents a hundred, but do not find a brisk market even at that price. A few days before I left Bozeman a farmer brought a load of potatoes into town, but he was compelled to take them home again, as he couldn't dispose of them at any price. 'Do I think Bozeman will get the capital? Well, I don't know; it's pretty hard to say as to that. The people there are working hard to capture it and are confident of winning, but whether they will or not is another question. They expect Butte to throw its strength to Bozeman, and if Butte does that I think they will win. I found a brand new town in Jefferson county, we came through,' continued Mr. McClain. 'It is located about midway of the canyon, and the local train stops there every day. The miners in the canyon don't seem to be doing much with their hydraulic apparatus and the mines are almost abandoned.'

Head Clerk Fred Presby of the McDermott has been buying cigars and drinks for his friends today as a result of a little misunderstanding which occurred this morning. About 9 or 10 o'clock two men, who evidently had started out to have a good time, and had been partially successful, the McDermott returned. They had passed the half century mark and were about the same size and build, and they presented a strange and comical appearance as they wobbled up to the counter, clinging tightly together. They bumped up against the counter with the familiarity of old friends, and cuddled up to it in a confiding and trustful way which indicated long acquaintance with such affairs. Mr. Presby stood behind the counter with his glasses adjusted and wearing his most obliging, goateed, with-us-all-night-gentlemen smiles. He thought he saw in the two men before him a couple of guests, but he did not. After blinking at each other in a knowing sort of way for a minute or so, one of the men inquired of the other, "What'll have?" "Gimme 'skee," came the ready response. The situation then devolved upon Mr. Presby. His glasses came off in a hurry, the answer which had been temporarily lying under the counter jumped back onto his face, and with a rising inflection in his voice he sternly inquired, "Gentlemen, do I look like a beer jerk?" and does this office look like a bar? If you want something to drink you will find it right through that hall there," at the same time indicating the way with a majestic sweep of his arm. The strangers looked more stupid then, ever, then after thinking it over for a minute or so, one of the men said, "That so, well, 'skee shake." The genial Fred shook and as a result of that shake and the previous talk he has been setting them up all day.

The man who likes to study human nature can find plenty of opportunity to follow his inclination just now in watching the average man or woman wrestle with the new letter boxes which have just been put up in Butte. To a good many people these boxes are a greater mystery than some of the hieroglyphics of Rome and their efforts to find the right combination of letters and numbers is a very amusing thing. They first try to put the letter in at the end of the box, then the custom in the old boxes, but finding no slot, they turn their attention somewhere else, and after looking for about five minutes the direction to pull down and put the letter in the letter slot. They then pull the movable section, but there is still no slot in sight and their ambition is again balked. After another five minutes' examination the chances are that even then they will either jam their letter in some awkward way and trust to luck or go off and leave it lying on the top. Johnny Wamamaker may be a great and good man, but his new-fangled letter boxes will have the effect of keeping a good many people outside of the golden gate.

He Chased the Checks.

BUTTE, April 19.—Saloonkeeper Ferguson of Dublin gulch is prepared to testify that no later than this afternoon the check forgery was still in the hands, as he knows by actual experience and the loss of \$36.50 of his good cold cash. The checks were drawn on Clark's bank and purporting to have been drawn by Foley Bros., the contractors of the Mountain View spur. A short time before Ferguson presented the checks at the bank he saw the two men whom he suspected of receiving them playing faro in one of the gambling houses and as soon as he was informed that the checks were no good, he enlisted the service of a policeman and went in search of the forgers. He was unable to find them. He described the forgers as being dressed like workmen. The checks which he cashed were drawn in favor of H. Martin and one Murphy. One was for \$21 and the other for \$15.50.

Sons of Veterans.

BUTTE, April 19.—The Butte boys carried off most of the official honors at the annual encampment of the Montana division of the Sons of Veterans, which was held at Helena yesterday. W. J. Jamieson, captain of James A. Garfield camp No. 2 of this city, was elected division commander. G. F. Dougherty, also of camp No. 2, was elected senior vicecommander. F. C. Combs of Helena was elected junior vicecommander. Jas. Corby, also of Garfield camp, H. B. Bray and A. H. Mettler of Helena were elected as members of the division council. E. D. Weed of Helena was elected delegate at large with Charles F. Stuart as his alternate. James T. Sanders was elected representative and Chas. H. Sanders alternate to the national encampment.

For Rent.

Room in rear of Union Pacific, formerly occupied by Ganner, Nicholls & Co., as real estate office. Apply at Union Pacific office.

Dr. C. V. Norcross has moved his office to the new Owsley block.

Diseases of women treated by Dr. Norcross, new Owsley block.

THAT INSURANCE CASE.

The Suit Against the Bonner Mercantile Company.

BUTTE, April 19.—Judge Kirkpatrick and John Forbes, of Forbes & Forbes, attorneys, have been in Helena the last few days arguing the insurance case of the Bonner Mercantile company growing out of the damage to the mercantile company's stock in the fire on Sept. 30, 1899. Kirkpatrick and Forbes appeared for the Bonner company and T. C. Vanes of San Francisco appeared for the insurance companies. H. H. McIntyre of Helena for the insurance companies. Mr. Forbes returned this evening. He says that the arguments were completed today and the case taken under advisement by Judge Kirkpatrick. The Bonner company claimed a loss of \$81,574. The insurance companies contended that \$6,000 would cover the loss. Arbitrators were selected who placed the loss at \$60,624.78. The insurance companies want the award set aside. The companies are the Hartford, the Fireman's Fund of California, the Michigan Fire and Marine, the American, the Sun Fire and Marine, the North British and the Mercantile of London and Edinburgh, the Granite State, Fire company of Portsmouth, N. H., the Union Pacific of California, the Niagara, Royal Liverpool and the South Bristol Fire and Marine, the New Zealand Commercial and the German Fire association of Philadelphia, the London and Lancashire, the California of San Francisco and the North Assurance of London.

DR. LEONARD EXPLAINS.

Facts About O'Neill Being Refused Admission to the Poor House.

BUTTE, April 19.—Dr. E. J. Leonard, county physician, has sent a communication to the STANDARD correcting a misstatement relative to himself which appeared in last Monday's *Miner*, concerning the accident which befell B. O'Neill the day before. As was published in the STANDARD, O'Neill was not injured while at work, but broke his leg while wrestling in W. M. Cassidy's saloon at the corner of Main and Mercury streets. After the accident O'Neill was taken to the police house where it is true that he was refused admission because he had no order from the county physician, but he was not refused an order by Dr. Leonard, as erroneously stated in the *Miner*, but as the doctor's communication perhaps explains the matter, that portion of it bearing on the subject is herewith given:

"A drunken crowd got into a hack and took O'Neill to the county hospital. They were so boisterous that the matron refused to receive them, as they had no permit. This is the second accident of the kind in one week and the taxpayers of the county have to foot the bills. In regard to the *Miner's* story, it is unmitigatedly false. I have refused no one that ever came to me in distress. My own records and the patients at the county hospital will bear me out in this."

IN POLICE COURT.

Sinners Brought to Time in Judge McMurphy's Court.

BUTTE, April 19.—Judge McMurphy has made a change in the hours of holding court, and now tries all the state cases in the evening instead of during the day. Under this arrangement the entire day is devoted to hearing city cases.

Only two cases in which the city was prosecutor were tried today. Pete Rafferty and Mike Enders were the defendants. The charges against them were disturbance. Both pleaded guilty and were fined \$5 and costs each.

To-night, when the state side of the docket was called, Zoe Dillon and William Morgan appeared for examination. The woman stood charged with the larceny of a diamond stud, and withdrew her former plea of not guilty and pleaded guilty to petty larceny. As she had made restitution of the stolen property, her plea was accepted and a fine of \$10 and costs was imposed, amounting to \$43. She paid and was discharged.

The complaint against Morgan charged him with having broken into the house of Charles Langlois with burglary intent. Decision in his case was withheld until 1 o'clock to-morrow.

HE STRUCK SOMETHING.

Mike McGowan Displays His Muscle in a Newspaper Office.

BUTTE, April 19.—Mike McGowan, the only Mike McGowan, who has a viler mouth in his head than is good for him, and whose glib matter is not in a position to do him the greatest amount of good, called at the STANDARD office today and explained how he was going to "do" every man connected with the paper. After he had finished his vocabulary of epithets the number of the business address book took him in hand and when he got through with Mike the latter did not look so handsome as before, but he knew a great deal more, and will think harder about it in the future before attempting to carry out his desire to lick a newspaper office.

Will Pass Through Butte.

BUTTE, April 19.—Next Thursday the city will be invaded by a large force of Uncle Sam's defenders. Their invasion will be a peaceful one, and probably only a few later than this afternoon the troops will see them. The troops will be a portion of the forces that have been garrisoning Fort Custer, in the eastern part of the state, and have been ordered to be transferred to duty in Arizona. They will arrive over the Northern Pacific, and will go by special train over the Union Pacific. The contract with the railroad company calls for transportation for 35 enlisted men, 19 officers, two car loads of horses and 20,000 pounds of equipment.

He Used a Gun.

BUTTE, April 19.—L. D. Sanders, a miner, today had John Curran, a boss at the Sheridan mine, arrested on a charge of assault and battery. The men got into an altercation, during which Sanders struck Curran. Curran retaliated by drawing a gun which he used as a club and beat Sanders over the head with it, inflicting severe wounds. Sanders wanted to have Curran arrested on the charge of exhibiting a deadly weapon and assault with intent to kill, but he was induced to modify the charge to one of assault and battery. Curran had a hearing before Judge Eddy this afternoon and pleaded not guilty. He will have a trial next Friday.

A Game of Bill and Ball.

BUTTE, April 19.—Hand ball is growing in popularity and many experts in the old Irish game are coming to the surface. This afternoon articles were signed for a triangular contest between Maurice Monahan on one side and James Maher and George Brennan on the other. The match is for the best two out of three games, 21 aces. Monahan to play his left hand and to concede five aces in each game to Brennan and Maher. The match is for \$50 a side and will take place at Murphy's alley to-morrow afternoon at 5 o'clock.

If you want your jewelry repaired go to Cameron, 40 West Park street.

Lunch served at the Acme from 12 m. to 2 p. m., 25 cents.

IN RAILROAD CIRCLES

Changes in Running Time to Soon Go Into Effect on the Union Pacific.

TO RUN AN EXTRA SLEEPER

Reducing Rates From Eastern Townships—Fast Train Service Between the East and the West.

BUTTE, April 19.—In view of the new time card which is to go into effect on the Union Pacific shortly, it has been decided not to put on the extra sleeper between Butte and Green River. By making the proposed change in the schedule, change of cars will be made at Pocatello at more reasonable hours than heretofore and passengers will experience none of the inconveniences which prevail under existing arrangements.

Partial success attended the recent conference between the Northwestern roads and the Lake Superior & Lake Michigan Transportation company, to harmonize rates between Lake Superior points and Chicago and dependent points between Chicago and Montana points. The Union Pacific made complaint that by means of the lake and rail rates via Lake Superior ports, the tariffs from Chicago to Montana points were considerably lower than by way of Council Bluffs. It was shown at the meeting that the lake rates from Chicago to Duluth and Lake Superior common points were considerably higher on local business on the same classes than were the rates from Chicago to Montana and other western points. After much discussion, the best line finally agreed to advance its rates on Montana business to an equality with its Duluth rates. The lake lines will, however, retain present rates between Chicago and St. Paul, and also reserve the right to meet commodity rates from Chicago to all points north-west.

This year promises to witness many bursts of speed. Especially will this be the case with western lines which, in view of the heavy traffic anticipated in 1902, are disposed to make experimental tests and establish a reputation this season for quick time. Recently the Alton shortened its time two hours between Chicago and St. Louis, and the Northwestern, as a starter, attempted to reduce its time between Chicago and St. Paul. Although it intended to make a reduction of only 30 minutes, the proposition aroused an opposition so determined that it had to be abandoned in order to avert a rate war. The Burlington has announced a shortening of time between Chicago and Denver, and the Rock Island is hastening to meet it. Other lines are preparing similar expeditions. Faster time is to be the war cry on all the western roads. Besides there is a disposition to form new through lines. The Chicago, Milwaukee & St. Paul has established one to Denver and the Burlington and Rock Island routes have arranged through sleeper service from Chicago to San Francisco via the Denver & Rio Grande and Southern Pacific roads. The Burlington will take the sleeper west-bound, the Rock Island will get it east-bound. The Santa Fe has applied to the Southern Pacific for a similar service via the Colorado Midland to Ogden, but these two systems being intimate enemies elsewhere, the probabilities for the new line are not very flattering. Great profits are not expected from through lines this year, but they will be a good preliminary advertisement for the harvest of 1903.

Shannon's Troubles.

BUTTE, April 19.—A writ of restitution was issued by Judge McHatten in the case of John Curtis and others against J. W. Shannon, and given to the sheriff for service. The property in controversy is the St. Nicholas hotel, and Shannon's lease did not include all the rooms of the place. Before the sheriff could serve the writ of ouster Mr. Shannon started to move his furniture into the rooms not included in his lease, but was headed off and he agreed to vacate the premises.

A Pleasant Social.

BUTTE, April 19.—The Young People's society of the Baptist church gave a pleasant social this evening. A pleasing program was rendered and at its close light refreshments were served.

Cameron employs more manufacturing jewelers than any house in the state at 40 West Park.

Percheron Stallions.

Two black Percheron stallions, weights 1,600 and 1,550 pounds, 5 and 7 years old, for sale. Apply to J. D. Carpenter, McMillan & Leggat's feed store, Park and Wyoming streets, Butte.

Private and chronic diseases treated by Dr. Norcross, new Owsley block.

If you want your demijohn filled go to McCormick & Hughes.

Room 4 new Owsley is now the number Bonanza Syndicate.
